Gamma Solutions & InterDev to exhibit at Freight Week 2007

August 2007 – Gamma Solutions & InterDev will join forces to exhibit at Freight Expo 2007, which is to be held on the 19 - 21 September at Caulfield Racecourse, Melbourne. Presented jointly by the Victorian Automobile Chamber of Commerce (VACC) and the Victorian Transport Association (VTA), it is part of the Freight Week 2007 program of seminars, workshops and conference sessions from 15 . 21 September.

The Freight Expo will run over three days and feature a number of free workshops on best practice amongst freight operators, interactive technology workshops and truck and trailer technology sessions.

The partnership of InterDev's extensive software knowledge with Gamma Solutions's hardware & network expertise has produced a flexible and powerful mobile solution tailored to transport and logistics needs.

Xmotion Transporta software combined with the Intermec CN3 mobile computer device provides full electronic dispatch and history, proof of delivery, real time job status, signature capture, web based interface, enhanced customer service and a lower cost of operations.

For a demonstration of this Transport Mobility Solution, visit Stand 29 at the Freight Expo, 19 . 21 September 2007.
