**Gamma Solutions to exhibit at “Mastering Supply Chain Management with SAP” 2007**

**August 2007** – Gamma Solutions are participating in the “Mastering Supply Chain Management with SAP” 2007, which is to be held on the 17 – 18 September at the Manly Pacific Hotel, Sydney.

This is the only forum of its kind in Australia, exclusively for SAP customers, consultants and partners. This is the event where the Supply Chain community who utilise SAP, gather to engage, discover and make the most of their combined expertise and knowledge for mutual benefit, and to build community, share ideas and network.

Gamma Solutions offers advanced mobile data collection solutions for Supply Chain, Logistics, and Mobile Computing Industries, and will be exhibiting on Stand 3.

Among the products to be showcased by Gamma Solutions during the “Mastering Supply Chain Management with SAP” 2007 is the Intermec CK31ex handheld computer. The Intermec CK31ex is the first handheld computer with integrated near-far area imaging technology that can read virtually any symbology from six inches to 50 feet.
