**Gamma Solutions and LXE partner for the 5<sup>th</sup> Intermodal Asia 2012 Exhibition and Conference**

Melbourne January 20<sup>th</sup> 2012 – Gamma Solutions a leading supplier of data capture equipment today announced that it will be partnering with rugged mobile computer specialist LXE at this year's Intermodal Asia 2012 Exhibition and Conference on the 9<sup>th</sup> and 10<sup>th</sup> of February.

The Intermodal Asia Exhibition is the biggest Container Ports, Shipping, Transport and Logistics Exhibition in Australasia. Being held at the Intercontinental Melbourne (The Rialto), the exhibition will host over 300 international senior executives from the world's largest companies including shipping lines, import/export organisations, freight forwarders and logistics companies.

The topics covered at this exhibition will include the impact of the current economic climate its affect within Australasia, improving performance and competitiveness, port security and the future of ports as well as many others.

Gamma Solutions and LXE will be showcasing the LXE MX9 and LXE Thor which are some of the rugged mobile computers LXE have integrated into over 300 ports around the world. At the exhibit, experienced staff will be able to show you how rugged mobile computers can be used in ports and intermodal yards to improve vessel turnaround time, optimize yard resources, improve customer satisfaction and have greater inventory control.
