Australia's leading supplier of data capture equipment adds even more versatility to its arsenal.

Melbourne March 6th 2013 – Gamma Solutions an Australian owned provider of advance mobile data collection systems is proud to announce the addition of Datalogic's extensive versatile range of mobile computers..

Datalogic Mobile Computers includes pocket-sized to full-alpha-keyboard hand-held devices, industrial PDAs, pistol-grip terminals and Vehicle Mounted computers which include the Memor, Lynx, Skorpion, Skorpion X3, Elf, Flacon X3 and Rhino.

The Datalogic range has been recognized as having a superior user interface with high-visibility color graphic displays and a range of different keyboards allowing the data to be input into the device quickly.

With outstanding ergonomics the rugged hand held terminals help reduce operator fatigue with no compromise in terms of reliability and robustness. Resisting harsh environments, multiple drops, strong shocks and repetitive tumbles customers are assured that the Datalogic units will meet their demands.
