Intermec selects Gamma Solutions as a charter member of the Intermec Printer Service Program

Australia, June 2009 – Gamma Solutions, a leading Australia mobility and data capture systems provider, has been selected by Intermec as an Intermec Printer Service Partner. The Intermec Printer Service Partner designation was created to recognize Intermec Honors Partners who have a focused business practice selling Intermec printers and have completed authorized printer service certification.

This special designation demonstrates to customers that Intermec Printer Service Partners fully understand and support the fixed printer product market, have expertise in media applications, and are authorized by Intermec to service those fixed printers on which they have certified.

“Intermec is excited when our partners expand their value capabilities to Intermec users, our IPSP program encompasses a comprehensive printer support strategy that we are confident Gamma Solutions will deliver at a very high standard.” commented Rick Newman, Intermec’s Southern Region Channel Business Manager.

Gamma Solutions Qualified Service Engineers now provide knowledge in all areas of Intermec Fixed Printers technical support and are trained and experienced in repairing and configuring these printers.

“Gamma Solutions is delighted to announce to our customers that we are now able to directly cover their warranty claims on selected Intermec Fixed printers.” said Leo Sfinas, National Service Manager at Gamma Solutions Pty Ltd. “

“With our own Service Repair centre now operating in Melbourne and with service engineers located in all major Australian capital cities, the logistics are greatly improved and we are able to provide the service to almost anyone in Australia’ continued Leo Sfinas.
