The Motorola MC40 mobile computer delivers the ultimate customer service experience for retailers in a pocket-size stylish package.

Introducing The Motorola MC40 the easy way to deliver better customer services that will impress today's demanding and technology savvy customers. With the pocket-sized Motorola MC40 in the hands of your retail workforce, you will with this sleek pocketable device, have everything your workforce needs to serve your customers right at their fingertips.

With the Motorola MC40, your workforce can deliver what shoppers need — no matter where they are in the store. Staff can scan any bar code to get pricing, inventory availability or item location information. They can look up a gift registry and answer any product information query. Find the answer to practically any product question. Present shoppers with a comparison of multiple products to help with a buying decision.

Your workforce can place an order for next day delivery for an item that isn't available in-store. With the magnetic stripe reader (MSR) configurations, staff can ring up the sale, right on the spot. They can call virtually anyone in the store carrying any type of mobile device for help with a question and even complete a loyalty card application - all without ever walking away from the customer. All on a sleek, compact enterprise-class device that offers the durability, security and manageability your business demands.
