The Motorola MC45 Mobile Computer.

Melbourne April 23rd 2013, Gamma Solutions introduces the Motorola MC45 the affordable way to give workers access to the real-time information needed to get the job done right, on the spot, helping prevent lost sales and lost customers.

The Motorola MC45 Mobile Computer provides the right mix of features and enterprise rugged design in a compact device that fits the budget. Your workers get the sleek consumer styling and one-handed operation they expect, along with the features, durability, security and manageability that business demands.

Regardless of whether you are a small or medium-sized business, or in an emerging market, your field workforce, who are repairing equipment, writing sales or picking up and delivering shipments, all have one thing in common; they are your daily touch point with your customers. The Motorola MC45 Mobile Computer can assist with how fast and how well they perform their jobs which directly impacts your revenue, customer satisfaction, customer retention, growth potential and the cost of your labour pool.

So whether the workforce needs to access maintenance history for a repair, reserve product for a specific delivery date to close a sale, reconcile shipments, process returns or capture proof of delivery, they'll do it faster and more accurately with the Motorola MC45 Mobile Computer. The result? A field team that is more efficient, able to deliver the kind of service that leads to satisfied, loyal customers.
