Leading supplier of data capture equipment teams up with industry giant to offer customers the best possible solutions.

Melbourne December 15th 2011 – Gamma Solutions a leading supplier of advanced data collection systems has partnered with industry giant Motorola Solutions to provide mission critical solutions to its customers.

“At Gamma Solutions we have been providing our customers with the highest level of service and solutions since 1992. Now by partnering with Motorola, we are able to extend that level” says Managing Director Michael Atallah, “It is our aim that no matter what challenges our customers face, they are able to come to us and we will be able to find and implement solutions that will suit their needs”

Motorola Solutions have an extensive range of products including mobile computers, barcode scanners and wireless infrastructure, which Gamma Solutions will be incorporating into its existing array of products and services offered to its customers. Many of these products can be used in a wide range of industries including field mobility and service, transportation and logistics, healthcare, retail as well as warehousing and distribution.

Through the partnership Gamma Solutions and Motorola Solutions hope to increase the reach of the brand names to the Australian market by educating the industries on how the combined products and services can increase productivity and minimise costly errors, thereby helping to keep companies bottom lines healthy.

“Motorola Solutions is pleased to welcome Gamma Solutions on board as one of our partners. We look forward to a positive working relationship with them” says Rodney Thorne, Manager – Enterprise Mobility Solutions.
