### **Mobile Computers, handheld scanners and printers available as rental equipment from Gamma Solutions**

Melbourne May 9, 2011 – For years Gamma Solutions have been providing rental equipment to customers who only require additional handheld computers, label printers or vehicle mounted terminals for a short period of time during their busy periods such as Christmas and the end of financial year stock-take.

“With rapid changes in technology and quickly changing business practices, renting equipment provides the flexibility to change platforms and adjust to fluctuations in demand” said Gamma Solutions’ account manager Graham Denny

Gamma Solutions offer an extensive range of scanners for rental needs from handheld scanners and printers to complete wireless solutions including wireless access points and routers. Some of these products include the LXE MX7 handheld computer, the Intermec CK3 mobile computer, the Intermec PM4 label printer and Cisco 1242 access points.

There are many benefits to renting wireless and mobile technology including, no capital expense, fully tax deductible, no large up front expenditure, immediate replacement of faulty equipment and the flexibility not to be tied to quantity, brand or technology.

If you are interested in renting equipment from Gamma Solutions please contact us on 13000GAMMA (1300 042 662) or email us at [sales@gammasolutions.com](mailto:sales@gammasolutions.com) and a sales accounts representative will contact you with ways of streamlining your business.
