Gamma Solutions is preferred supplier to Watty Australia

Melbourne November 2010 – Gamma Solutions are proud to announce that they have been successful in the tender process of Watty Australia. Gamma Solutions will be supplying Watty Australia with the new LXE MX9HL for Hazardous Locations to operate throughout Watty Australia's nationwide Distribution Centres. The LXE MX9 boasts an IP67 rating, 6ft. drop spec, and rugged housing designed and tested specifically for harsh indoor and outdoor environments.

Gamma Solutions and Watty Australia have a long history of working together. Since 2003 Gamma Solutions has been supplying Watty Australia with their critical data capture needs. Northern Region Sales Manager Glenn Batten says "I am thrilled that Watty have entrusted Gamma Solutions with upgrade of their data capture needs and look forward to continuing our business partnership into the future".

The rollout of Watty's new LXE MX9 units begins in November.
